About Project Graduation:

Project Graduation is an event held for the graduating class to keep them in a safe party environment. The leading killer of teens is car accidents due to drinking and driving. Preventing such deaths on our roads, is the main goal of this program. The Project Graduation event is planned completely by parents with the help and support of school administration and community members. A project such as this sets a very important example for our youth and requires our support to be successful. Let us join together and raise the funds to continue this legacy of responsibility for our Maui graduates.
